

# February CAC Business Meeting

## Tuesday, 02/16/2021 5:30 – 7:00 PM

**Welcome back to our first CAC Business meeting of the new year! We've been busy, busy, and we'd like to share with you important updates about what's happening in Modesto City Schools Special Education!**

### **Parents, we need YOUR help!**

We rely on participation from parents of Modesto City School students that receive Special Education Services. We need your input to help us understand your concerns and plan your child's educational future.

**Getting involved** is one of the most important choices a parent will make. Your attendance at these meetings will offer much needed public input, aid us in identifying particular areas for parent trainings, and potentially help shape District policies.
